

Assignment Instructions :

This module covers Ethics, Law and School Psychology. Many of our readings from here on out will have an undertone of ethics involved in our discussion. Our focus is not so much on the law piece for this course, but the ethical implications within certain school psychology practices. You are to write a reflection paper for this module and your reflection should be 2-3 double spaced pages.

I have attached the chapter readings as three separate PDF files, titled, “other attachment 1”, “other attachment 2”, and “other attachment 3”.

Follow the rubric below on how to organize and write your content for the reflection paper.

Rubric for Reflection Paper for this Module (8 points total):

4 - 5 main points from chapter readings 2 pts
that you found interesting or worthy to
reflect on

strengths you bring to the field and 2 pts
areas to improve or strengthen your
skills (how will you go about doing
that?)

personal examples connecting to this 2 pts
module’s content, and/or relating
content to other coursework and
experiences (personal, school based,
professional)

Overall structure of document, 2 pts
including proofreading elements,
writing conventions, etc.
