

### **Assignment Instructions**

**After reading over the two reading materials which I have uploaded as separate pdf documents titled “Reading Material #1”, and “Reading Material #2”, please write a discussion post addressing all of the following questions:**

\*3 main points that stuck out to you from the reading materials with accompanying reflective comments on why you selected these three points.

\*3 compare and contrast points from the reading materials. Make sure these are distinctly separate compare and contrast points.

\*3 ways in which you relate the reading materials back to your future as a school psychologist

Please use headings to make it clear you are addressing each of the discussion areas. The discussion post should be at least 700 words.
