

ANTH 1025F Take Home Final Assessment

Instructions:

This final take-home final assessment is comprised of three short answer questions. Please keep answers to 300-400 words each. The questions require you to apply knowledge and concepts and reflect on the learning that you have done in the course. ***Students must complete the assessment individually.*** You have three days to complete the assignment. The final assessment must be submitted through Turnitin by 11:59 PM EST on Friday December 3rd.

You may get information from the course text and lecture materials to support your responses. Examples can be taken from the course material or relevant contemporary examples.

Students are expected to work on these questions individually. Collaboration is not permitted for this assignment.

Each question is marked out of 5 (3x5 = 15%). Questions will be evaluated based on comprehension, critical analysis, content, and clarity. The exam is meant to assess comprehension and the ability to apply some of the key concepts from the course.

Submission:

Download the template, save it as your [lastname_firstname_exam], and answer the questions in the boxes provided. You must upload your document to OWL by the deadline (Friday December 3rd at 11:59 PM EST).

Your answers should be no more than 400 words single-spaced and each response should be on its own page in the document. When formulating your responses to different questions, do not use the same points twice and ensure that your answers are varied and cover multiple lectures. Your answers will be formulated from the course material or popular culture therefore, no references are required.
